Problem Set #0   **Due date:** August 30, 2024, 11:59 PM

Introduce Yourself

The Course Staff is eager to get to know you. Tell us a little about yourself. Follow the directions in the PS0 – Getting Started Canvas Assignment Step #3 and fill out the PS0.py file, with the following information:

Inside the triple quotes, provide the following information:

- Part #1: Write a brief paragraph to describe yourself. Make this presentation informal, tell us who you are: include hobbies, fun facts about you, favorite activities, family, etc.   These are just suggestions, you may include any information about you that you think is significant or interesting, and that you are comfortable sharing with the course staff
- Part #2: Write a brief paragraph to discuss your academic/career/life goals. What is your intended major, what do you hope to learn/do at Penn State, what do you want to do after graduation, are some examples for what you might discuss.
- Part #3 (optional): Anything else you'd like to say

Submit your PS0.py file to the Problem Set 0 Gradescope assignment before the due date.
